DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 8/15/2008 has been entered.

Response to Arguments

2. In communications filed on 8/15/2008, applicant amends claims 1, 7, 9, 12, 14-20, 27, and 30; and adds claims 31-33. The following claims 1, 4, 7-9, 12, 14-20, and 23-33 are presented for examination.

2.1 In response to communications filed on 8/15/2008, the amendment to the specification and to the drawings has been entered.

2.2 Applicant's remarks see page 10, filed on 8/15/2008 have been fully considered.

Drawings

3. The drawings are objected to because they lack consistency with the specification. In figures 3 and 4, the instructions are missing commas and parentheses for better clarification and

not in accord with the specification. Also, in figure 3, the instructions in the specification and in the drawing are not the same. Figure 3, cycle three says, MAC R3 b1a1 R2 whereas the specification states MAC R3, (b1a0) R2. Corrected drawing sheets in compliance with 37 CFR 1.121(d) are required in reply to the Office action to avoid abandonment of the application. Any amended replacement drawing sheet should include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of an amended drawing should not be labeled as "amended." If a drawing figure is to be canceled, the appropriate figure must be removed from the replacement sheet, and where necessary, the remaining figures must be renumbered and appropriate changes made to the brief description of the several views of the drawings for consistency. Additional replacement sheets may be necessary to show the renumbering of the remaining figures. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). If the changes are not accepted by the examiner, the applicant will be notified and informed of any required corrective action in the next Office action. The objection to the drawings will not be held in abeyance.

Allowable Subject Matter

4. Claims 1, 4, 7-9, 12, 14-20, and 23-33 are allowed.

Conclusion

5. Any inquiry concerning this communication or earlier communications from the examiner should be directed to CARL COLIN whose telephone number is (571)272-3862. The examiner can normally be reached on Monday through Thursday, 8:00-6:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Nasser G. Moazzami can be reached on 571-272-4195. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
